

## February Nominees

### **Boys Basketball: Justice Avery (10)**

Justice took his game to another level in the month of February and was a huge part of the Mustangs success down the stretch. In February, Justice averaged 12.6 points per game, and 2.9 rebounds per game. The highlight of this stretch being a game where he had 31 points, 6 rebounds, 2 assists, 2 steals, and 1 block in a win against Highland. We are extremely proud of the maturity and growth Justice showed throughout the season and can't wait to see where he leads the program the next 2 years.

### **Girls Basketball: Abigail Darji (12)**

For the last four years, Abby has been an important part of the basketball program. This season, she worked incredibly hard in both practices and games and set the tone for the younger players. On the court she could be counted on to get rebounds on both the offensive and defensive end. We are proud of all her accomplishments these last four years!

### **Cheerleading: Angelina Scafidi (11)**

Angelina is an athlete that I know I can count on to work hard and try her best every day, no matter what. She has a positive attitude, is helpful to her teammates, and is a very talented athlete. She is an excellent addition to the cheer program at Triton! Great job, Angelina!

**Swimming:** Since my season ended in January, I second Track's Angel Gonzalez

### **Winter Track: Angel Gonzalez (12)**

Angel Gonzalez had an incredible month of February in his first ever season competing in Track & Field, including owning or being part of 4 school records:

Feb 3rd - 2nd leg on Sprint Medley Relay school record (stood for 13 years)

Feb 5th - 200m school record (previously broken this season by teammates but stood for 16 years prior)

Feb 9th - 2nd leg on 4x400m school record (stood for 15 years)

Feb 24th - 3rd leg on 4x200m school record (stood for 49 years)

Angel was also very successful in the 55m Hurdle, an event that is intimidating to try but necessary to have for a complete team. Angel took on the challenge without hesitating. He finished 7th at the Group 3 South Sectional Championship on Feb 9th, our highest individual finish at the playoff meet. Angel is currently looking for ways to compete in college so he can continue to find out how good he can be at this new thing.

### **Wrestling: Ereik Schwinge (9)**

Ereik had a great month of February as well as a fantastic freshman season with the wrestling team. He placed 3rd at District 30 and qualified for the Region 8 wrestling tournament. He helped the team win their first round playoff match in the Group V Playoffs. He finished the year with a 30-8 record.
