

## 12TH GRADE ADVANCED PLACEMENT LITERATURE & COMPOSITION SYLLABUS

### **CONTACT INFORMATION**

*Within this course, students will traverse and digest the material throughout four different genres (short fiction, poetry, drama, and longer fiction) and consider topics that prepare them for the AP Exam, such as: Character, Setting, Structure, Narration, and Word Choice. This course prepares students to take the AP Literature & Composition exam in May, and is a dual credit course with Camden County College to earn credit for Intro to Literature. The course curriculum from The College Board reads: "Students engage in close reading and critical analysis of imaginative literature to deepen their understanding of the ways writers use language to provide both meaning and pleasure. As they read, students consider a work's structure, style, and themes, as well as its use of figurative language, imagery, and symbolism." Students will read and analyze short fiction, long fiction (drama and novels) and poetry ranging from classic to modern. Students will work cooperatively and independently to practice skills of literary analysis and discussion in reading and writing through Socratic seminar, independent reading, essay writing and revising. Revision activities and writing conferences focus on enhancing clarity and organization.*

### Plagiarism

Plagiarism is "the unacknowledged use of another's means of expression and/or work product, whether published or unpublished, without proper credit through the use of quotation marks, citations and other customary means of identifying sources." This means copying the words or ideas of another without the proper form of academic documentation. There are two basic kinds of plagiarism: deliberate plagiarism and accidental plagiarism, equally serious. The most common act of deliberate plagiarism involves copying another person's work and passing it off as your own. The most common act of accidental plagiarism involves failing to provide the proper internal documentation for quoted, summarized, and/or paraphrased ideas from another person, even if the source is listed in a Works Cited/Reference page.

The Black Horse Pike School District maintains a firm stance regarding plagiarism. Academic repercussions will be determined in coordination with the classroom teacher, Supervisor, and/or Vice Principal. While the district realizes that Artificial Intelligence (such as ChatGTP) can be used as a tool for brainstorming and exploring personal topics of interest, it is important to use such tools responsibly and ethically. Regarding issues of academic dishonesty, students are not permitted to submit AI-generated work as their own. Additionally, using AI to evade plagiarism detection is unethical and a violation of academic integrity and the BHP Honor code. As AI is an emerging technology, the district will continue to evaluate its use in the classroom.
